English Check-Up (synthetic) — Interpreted Answer Key

Test version v1-1p. Maximum 100 points. This is the rule set actually applied, not a transcription of the completed key. Used for Demo Class A.

Q	Page	Type	Accepted	Rule	Pts
1.1	1	Fixed	3	The written number must be the accepted digit.	10
1.2	1	Fixed	7	The written number must be the accepted digit.	10
1.3	1	Fixed	1	The written number must be the accepted digit.	10
1.4	1	Fixed	9	The written number must be the accepted digit.	10
1.5	1	Fixed	2	The written number must be the accepted digit.	10
2.1	1	Fixed	cat	The circled word must be the accepted word.	10
2.2	1	Fixed	blue	The circled word must be the accepted word.	10
3.1	1	Matching	apple - fruit	Trace the line from its source to its actual destination, including where lines cross.	10
3.2	1	Matching	bus - vehicle	Trace the line from its source to its actual destination, including where lines cross.	10
4	1	Personal response	Any month whose circled name and written number agree	Accept any month if the circled month and written number agree. The key's September/9 is only the teacher's example. Why: This is a personal response, so the student needn't share the teacher's birthday.	10
